VOGUE

Known for its picturesque little towns and scenic mountain views (and, equally importantly, its cheese), Vermont is worth a visit year-round—but it really comes alive in the fall, when the foliage is at its peak and the brisk chill in the air is still a novelty. From charming towns like Woodstock to lakeside cities like Burlington and outdoorsy havens like Stowe, the New England state doesn't disappoint if you're traveling in search of autumnal activities. And just like their surroundings, the best hotels in Vermont are full of charm.

Vogue's Favorite Hotels in Vermont:

- **For a Private Stay:** The Seminary
- **For Tons of Design Inspiration:** AWOL Stowe
- **For an Elevated Lodge Stay:** Bluebird Cady Hill Lodge
- **For a Classic B&B:** Four Chimneys Inn

Travelers looking for sleek accommodation with glitzy furnishings should probably go elsewhere: this is the time to lean into the rustic appeal of the region. Dating back to 1793, it'll be hard to find a more historic stay in Vermont than the 142-room Woodstock Inn & Resort. The sprawling property has been updated many times—most recently in 2018—and today includes all the luxurious bells and whistles without sacrificing that old-school charm. Dine at one of the on-site restaurants for those days when it's too cold to venture out; Richardson's Tavern focuses on locally sourced ingredients with a contemporary twist, like a chanterelle-and-cherry tomato bucatini pasta or crispy quail served with pickled blackberries and poultry jus.

- **Amenities:** Two pools, spa, fitness center, gardens, falconry, golf, multiple on-site restaurants
- **Address:** 14 The Green, Woodstock, VT 05091
